ACTIVITY : HST --- Protocol

AC TYPE:

SCHEDULED START: Oct-01-2002

SCHEDULED FINISH: Sep-30-2003

ACTUAL COMPLETION:

### ACTIVITY DETAILS

The medical records verification phase of the Birth Defects and Childhood Cancer Survey is progressing, with approximately half of the reported cases of birth defects or childhood cancer verified. Work toward the completion of the progress report and materials to support the progress report were the focus of third quarter efforts. The progress report has been completed and released during the fourth quarter of FY 2003. Following the survey, ATSDR is planning to conduct an epidemiologic study to further explore the relationship between contaminated drinking water and birth defects or childhood cancer among the survey population. Protocol development as well as IRB and OMB preparation have begun for the the epidemiologic study.

### KELLY AIR FORCE BASE

TX2571724333

TX

FY: 2003 DIVISION : HS CONTACT(Primary): LACKEY,L. MICHELLE HS

CONTACT(Secondary): CAMPOLUCCI,SHARON HS OD

ACTIVITY : HST --- Final Report

AC TYPE:

SCHEDULED START: Oct-01-2002

SCHEDULED FINISH: Sep-30-2003

ACTUAL COMPLETION:

### ACTIVITY DETAILS

During the third quarter of FY 2003, DHS staff members worked to address the external peer reviewer's comments for the draft health outcome data consultation. DHS staff members are also developing a final report for Kelly AFB. This report contains additional data, and a summary of the findings to date. DHS anticipates the final report to be sent out for external peer review in the fourth quarter of FY 03. The DHS final report summarizes data in the health outcome data consultation; therefore, it cannot be sent out for external peer review until the health outcome data consultation has been finalized.
